In particular, you understand and accept that 8BT do not represent or confer any ownership right or stake, share or security or equivalent rights, or any right to receive future revenue shares, intellectual property rights or any other form of participation in or relating to the Platform, and/or Company and its corporate affiliates, other than rights relating to the receipt of Services and use of the Platform, subject to limitations and conditions in these Terms and applicable Platform Terms and Policies (as defined below). 8BT are not intended to be a digital currency, security, commodity or any other kind of financial instrument.

Any Platform Terms and Policies we promulgate will be available at [www.8circuitstudios.com](http://www.8circuitstudios.com). We may add terms or policies to the Platform Terms

and Policies in our sole discretion, and may update each of the Platform Terms and Policies from time to time according to modification procedures set forth therein. To the extent of any conflict with these Terms, the Platform Terms and Policies shall control with respect to any issues relating to the use of 8BT in connection with the Services or Platform.

3. Cancellation; Refusal of Purchase Requests

Your purchase of 8BT from us during the Sale Period is final, and there are no refunds or cancellations except (a) if the Activation Threshold is not reached, pursuant to applicable procedures set forth in Exhibit B or (b) as may be required by applicable law or regulation. If you have any questions regarding these risks, please contact us at [yourallies@8circuitstudios.com](mailto:yourallies@8circuitstudios.com). BY PURCHASING 8BT, YOU EXPRESSLY ACKNOWLEDGE AND ASSUME THESE RISKS.

6. Security

You are responsible for implementing reasonable measures for securing the wallet, vault or other storage mechanism you use to receive and hold 8BT you purchase from us, including any requisite private key(s) or other credentials necessary to access such storage mechanism(s). If your private key(s) or other access credentials are lost, you may lose access to your 8BT. We are not responsible for any such losses.

7. Personal Information

We may determine, in our sole discretion, that it is necessary to obtain certain information about you in order to comply with applicable law or regulation in connection with selling 8BT to you. You agree to provide us such information promptly upon request, and you acknowledge that we may refuse to sell 8BT to you until you provide such requested information and we have determined that it is permissible to sell you 8BT under applicable law or regulation.

8. Taxes

The purchase price that you pay for 8BT is exclusive of all applicable taxes. You are responsible for determining what, if any, taxes apply to your purchase of 8BT, including, for example, sales, use, value added, and similar taxes. It is also your responsibility to withhold, collect, report and remit the correct taxes to the appropriate tax authorities. We are not responsible for withholding, collecting, reporting, or remitting any sales, use, value added, or similar tax arising from your purchase of 8BT.

9. Representations and Warranties

- Company reserves the right to exercise sole control over the defense, at your expense, of any claim subject to indemnification under Section 10(a). This indemnity is in addition to, and not in lieu of, any other indemnities set forth in a written agreement between you and Company.

Some jurisdictions do not allow the exclusion of certain warranties or disclaimer of implied terms in contracts with consumers, so some or all of the exclusions of warranties and disclaimers in this section may not apply to you.

#### 12. Limitation of Liability

(A) TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW: (I) IN NO EVENT WILL COMPANY OR ANY OF THE COMPANY PARTIES BE LIABLE FOR ANY INDIRECT, SPECIAL, INCIDENTAL, CONSEQUENTIAL, OR EXEMPLARY DAMAGES OF ANY KIND (INCLUDING, BUT NOT LIMITED TO, WHERE RELATED TO LOSS OF REVENUE, INCOME OR PROFITS, LOSS OF USE OR DATA, OR DAMAGES FOR BUSINESS INTERRUPTION) ARISING OUT OF OR IN ANY WAY RELATED TO THE SALE OR USE OF 8BT OR OTHERWISE RELATED TO THESE TERMS, REGARDLESS OF THE FORM OF ACTION, WHETHER BASED IN CONTRACT, TORT (INCLUDING, BUT NOT LIMITED TO, SIMPLE NEGLIGENCE, WHETHER ACTIVE, PASSIVE OR IMPUTED), OR ANY OTHER LEGAL OR EQUITABLE THEORY (EVEN IF THE PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES AND REGARDLESS OF WHETHER SUCH DAMAGES WERE FORESEEABLE); AND (II) IN NO EVENT WILL THE AGGREGATE LIABILITY OF COMPANY AND THE COMPANY PARTIES (JOINTLY), WHETHER IN CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE, WHETHER ACTIVE, PASSIVE OR IMPUTED), OR OTHER THEORY, ARISING OUT OF OR RELATING TO THESE TERMS OR THE USE OF OR INABILITY TO USE 8BT, EXCEED THE AMOUNT YOU PAY TO US FOR 8BT.

You expressly waive any rights you may have under California Civil Code § 1542 as well as any other statute or common law principles that would otherwise limit the coverage of this release to include only those claims which you may know or suspect to exist in your favor at the time of agreeing to this release.

#### 14. Dispute Resolution; Arbitration

PLEASE READ THE FOLLOWING SECTION CAREFULLY BECAUSE IT CONTAINS ADDITIONAL PROVISIONS APPLICABLE ONLY TO INDIVIDUALS LOCATED, RESIDENT, OR DOMICILED IN THE UNITED STATES. IF YOU ARE LOCATED, RESIDENT, OR DOMICILED IN THE UNITED STATES, THIS SECTION REQUIRES YOU TO ARBITRATE CERTAIN DISPUTES AND CLAIMS WITH COMPANY AND LIMITS THE MANNER IN WHICH YOU CAN SEEK RELIEF FROM US.

- **Binding Arbitration.** Except for any disputes, claims, suits, actions, causes of action, demands or proceedings (collectively, "Disputes") in which either Party seeks injunctive or other equitable relief for the alleged unlawful use of intellectual

property, including, without limitation, copyrights, trademarks, trade names, logos, trade secrets or patents, you and Company (i) waive your and Company's respective rights to have any and all Disputes arising from or related to these Terms resolved in a court, and (ii) waive your and Company's respective rights to a jury trial. Instead, you and Company will arbitrate Disputes through binding arbitration (which is the referral of a Dispute to one or more persons charged with reviewing the Dispute and making a final and binding determination to resolve it instead of having the Dispute decided by a judge or jury in court).

- **No Class Arbitrations, Class Actions or Representative Actions.** Any Dispute arising out of or related to these Terms is personal to you and Company and will be resolved solely through individual arbitration and will not be brought as a class arbitration, class action or any other type of representative proceeding. There will be no class arbitration or arbitration in which an individual attempts to resolve a Dispute as a representative of another individual or group of individuals. Further, a Dispute cannot be brought as a class or other type of representative action, whether within or outside of arbitration, or on behalf of any other individual or group of individuals.
- **Federal Arbitration Act.** The enforceability of this Section 14 will be both substantively and procedurally governed by and construed and enforced in accordance with the Federal Arbitration Act, 9 U.S.C. § 1 et seq. (the "FAA"), to the maximum extent permitted by applicable law.
- **Notice; Informal Dispute Resolution.** Each Party will notify the other Party in writing of any Dispute within thirty (30) days of the date it arises, so that the Parties can attempt in good faith to resolve the Dispute informally. Notice to Company shall be sent by e-mail to Company at [info@basicattentiontoken.org](mailto:info@basicattentiontoken.org). Notice to you shall be by email to the then-current email address in your Account. Your notice must include (i) your name, postal address, email address and telephone number, (ii) a description in reasonable detail of the nature or basis of the Dispute, and (iii) the specific relief that you are seeking. If you and Company cannot agree how to resolve the Dispute within thirty (30) days after the date notice is received by the applicable Party, then either you or Company may, as appropriate and in accordance with this Section 14, commence an arbitration proceeding or, to the extent specifically provided for in Section 14(a), file a claim in court.
- Any arbitration will occur in King County, Washington State, USA. Arbitration will be conducted confidentially by a single arbitrator in accordance with the rules of the Judicial Arbitration and Mediation Services ("JAMS"), which are hereby incorporated by reference. The state and federal courts located in San Francisco County, California will have exclusive jurisdiction over any appeals and the enforcement of an arbitration award. You may also litigate a Dispute in the small claims court located in the county where you reside if the Dispute meets the requirements to be heard in small claims court.
- **Authority of Arbitrator.** As limited by the FAA, these Terms and the applicable JAMS rules, the arbitrator will have (i) the exclusive authority and jurisdiction to make all procedural and substantive decisions regarding a Dispute, including the determination of whether a Dispute is arbitrable, and (ii) the authority to grant any remedy that would otherwise be available in court; provided, however, that the arbitrator does not have the authority to conduct a class arbitration or a

representative action, which is prohibited by these Terms. The arbitrator may only conduct an individual arbitration and may not consolidate more than one individual's claims, preside over any type of class or representative proceeding or preside over any proceeding involving more than one individual.

- **Rules of JAMS.** The rules of JAMS and additional information about JAMS are available on the [JAMS website](#). By agreeing to be bound by these Terms, you either (i) acknowledge and agree that you have read and understand the rules of JAMS, or (ii) waive your opportunity to read the rules of JAMS and any claim that the rules of JAMS are unfair or should not apply for any reason.
- **Severability of Dispute Resolution; Arbitration.** If any term, clause or provision of this Section 14 is held invalid or unenforceable, it will be so held to the minimum extent required by law, and all other terms, clauses and provisions of this Section 14 will remain valid and enforceable. Further, the waivers set forth in Section 14(b) are severable from the other provisions of these Terms and will remain valid and enforceable, except as prohibited by applicable law.

#### 15. Governing Law and Venue

These Terms will be governed by and construed and enforced in accordance with the laws of Washington State, USA, without regard to conflict of law rules that would cause the application of the laws of any other jurisdiction. Any Dispute between the Parties arising out or relating to these Terms or its subject matter or formation (including non-contractual Disputes of claims) that is not subject to arbitration will be resolved in the courts of the Washington State, USA.

#### 16. Severability

If any term, clause or provision of these Terms is held unlawful, void or unenforceable, then that term, clause or provision will be severable from these Terms and will not affect the validity or enforceability of any remaining part of that term, clause or provision, or any other term, clause or provision of these Terms.

#### 17. Miscellaneous

These Terms constitute the entire agreement between you and us relating to your purchase of 8BT from us. We may make changes to these Terms from time to time as reasonably required to comply with applicable law or regulation. If we make changes, we will post the amended Terms at [www.8circuitstudios.com](http://www.8circuitstudios.com) and update the "Last Updated" date above. We may also attempt to notify you through the 8BT website at [www.8circuitstudios.com](http://www.8circuitstudios.com). The amended Terms will be effective immediately. We may assign our rights and obligations under these Terms. Our failure to exercise or enforce any right or provision of these Terms will not operate as a waiver of such right or provision. We will not be liable for any delay or failure to perform any obligation under these Terms where the delay or failure results from any cause beyond our reasonable control. Purchasing 8BT from us does not create any form of partnership, joint venture or any other similar relationship between you and us. Except as otherwise provided in herein, these Terms are intended solely for the benefit of you and us and are not intended to confer third-party beneficiary rights upon any other person or entity. You agree and acknowledge that all agreements, notices, disclosures, and other communications that we provide to you, including these Terms, will be provided in electronic form.

Exhibit A

Description of Company, Platform, and 8BT

1. Overview of Company and Affiliates

The Company is incorporated in Washington State, USA and is formed as a C-Corp. Company will have primary responsibility for the provision of Services and for administering the development of certain aspects of the Platform.

2. Development of Platform with 8BT Functionality and Services

The Company intends to introduce components into the Platform in the form of 8BT and an accompanying 8BT wallet (together, "8BT Functionality"). 8BT is based on the Ethereum protocol and conforms to the ERC20 standard. As a result of introducing 8BT Functionality into the Platform, the Platform will integrate and consist of 8BT Functionality and the PC video game D-PARC. 8BT will be the utility token for conducting transactions and obtaining Services on the Platform.

Currently, it is anticipated that the primary services ("Services") to be facilitated through 8BT and the Platform, as developed and made available by Company, will relate to targeted advertising, promotions and other commercial uses

## Exhibit B

### Token Sale Procedures and Specifications

#### 1. Total Number of 8BT to be Created and Sold

Company will create up to 100 million 8BT through the 8 Circuit Studios ERC-20 standard contract. All 8BT will be of equal value and functionality.

#### 2. Commencement and Duration of Token Sale

The Company's sale of 8BT will (a) begin at the time that mining commences on Ethereum block 4,037,000 and (b) continue until the time that (i) 156,250 Ether has been received by Company or (ii) mining commences on Ethereum block 4,182,500, whichever is earlier (the "Sale Period").

Based on current Ethereum block mining times, the Company estimates that Ethereum block 4,037,000 will be mined on or about 8:00 am PDT on July 17, 2017, and that Ethereum block 4,182,500 will be mined on or about 30 days thereafter. For the avoidance of doubt, these estimates are provided for informational purposes only, and the Sale Period will commence and conclude strictly according to its definition above.

#### 3. 8BT Price

1 Ether will purchase 200 8BT, making the sale price of 8BT .005 Ether per 8BT. There is no sale price for Company 8BT, which is created by the ERC20 8 Circuit Studios 8Bit Token Sale and pre-allocated to the Company before the Sale Period.

#### 4. Procedures for Buying and Receiving 8BT

In order to purchase 8BT during the Sale Period, and to receive the 8BT you purchase, you must have an Ethereum wallet that supports the ERC20 token standard. Company reserves the right to prescribe additional wallet requirements. Approximately forty-eight (48) hours prior to the commencement of the Sale Period, Company will publish an address for the 8BT sale via [www.tokensale.8circuitstudios.com](http://www.tokensale.8circuitstudios.com). To initiate a purchase of 8BT during the Sale Period, you must send an amount of Ether to an Ethereum address (the "8BToken Address") that will be provided to you

only after you agree to these Terms by clicking the “I Agree with the Terms – View the 8BToken Address” button at the bottom of these Terms. Sending Ether to the 8BToken Address during the Sale Period triggers a smart contract operation, pursuant to which the ERC20 Contract for the 8BT Token Sale will automatically create and promptly deliver the corresponding 8BT to the ERC20 wallet address from which the Ether were sent.

Ether must be sent to the 8BToken Address during the Sale Period in order to purchase and receive 8BT. Sending Ether to any other address may result in loss of Ether. Attempted transactions to purchase 8BT will be rejected if Ether is sent to the 8BToken Address at any time before or after the Sale Period.

ERC20 Contract for the 8BT Token Sale is deployed by Company from the San Jose, CA, and is programmed so that all transactions it executes will be executed in the San Jose, CA. As such, title to, and risk of loss of, 8BT created and delivered by the ERC20 Contract for the 8BT Token Sale passes from Company to purchasers San Jose, CA.

5. Company 8BT and User Adoption & Marketing Promotion

Of the Company 8BT, 33 million 8BT will be allocated User Adoption and Marketing Promotion, which we will administer to incentivize use of the Platform.

6. Use of Proceeds from 8BT Token Sale

The Ether that Company receives for 8BT sold to purchasers during the Sale Period, up to 5000 Ether, will be used to compensate engineers, staff and contractors, cover operating costs and marketing expenses, and to address other administrative and unforeseen costs for the development of ERC20 Contract for the 8BT Token Sale.

- More specifically, Company’s engineering team currently intends to focus on the following steps:
- Continue development and refinement of the PC Video Game D-PARC from Alpha to Version 1.0;
- Create 8BT wallet functionality;
- Integrate the 8BT wallet with the the PC Video Game D-PARC and the Platform;

- Encourage migration of all user transactions to the Platform;
- Encourage fully distributed transfer and verification processes using state channel scheme;
- Add alternate metrics based on advertiser feedback, and facilitate development of decentralized audit trail based on such metrics;
- Encourage, and coordinate with, partners in building applications for the Platform; and
- Explore and build other value-added services and functionalities for the Platform.

### Exhibit C

#### Certain Risks Relating to Purchase, Sale and Use of 8BT

Important Note: As noted elsewhere in these Terms, the 8BT are not being structured or sold as securities or any other form of investment product. Accordingly, none of the information presented in this Exhibit C is intended to form the basis for any investment decision, and no specific recommendations are intended. Company expressly disclaims any and all responsibility for any direct or consequential loss or damage of any kind whatsoever arising directly or indirectly from: (i) reliance on any information contained in this Exhibit C, (ii) any error, omission or inaccuracy in any such information or (iii) any action resulting from such information.

By purchasing, holding and using 8BT, you expressly acknowledge and assume the following risks:

#### 1. Risk of Losing Access to 8BT Due to Loss of Private Key(s), Custodial Error or Purchaser Error

A private key, or a combination of private keys, is necessary to control and dispose of 8BT stored in your digital wallet or vault. Accordingly, loss of requisite private key(s) associated with your digital wallet or vault storing 8BT will result in loss of such 8BT. Moreover, any third party that gains access to such private key(s), including by gaining access to login credentials of a digital wallet or vault service you use, may be able to misappropriate your 8BT. Any errors or malfunctions caused by or otherwise related to the digital wallet or vault you choose to receive and store 8BT, including your own failure to properly maintain or use such digital wallet or

vault, may also result in the loss of your 8BT. Additionally, your failure to follow precisely the procedures set forth in Section 4 of Exhibit B for buying and receiving 8BT, including, for instance, if you provide the wrong address for receiving 8BT, may result in the loss of your 8BT.

2. **Risks Associated with the Ethereum Protocol**

Because 8BT and the Platform are based on the Ethereum protocol, any malfunction, breakdown or abandonment of the Ethereum protocol may have a material adverse effect on the Platform or 8BT. Moreover, advances in cryptography, or technical advances such as the development of quantum computing, could present risks to 8BT and the Platform, including the utility of 8BT for obtaining Services, by rendering ineffective the cryptographic consensus mechanism that underpins the Ethereum protocol.

3. **Risk of Mining Attacks**

As with other decentralized cryptographic tokens based on the Ethereum protocol, 8BT are susceptible to attacks by miners in the course of validating 8BT transactions on the Ethereum blockchain, including, but not limited to, double-spend attacks, majority mining power attacks, and selfish-mining attacks. Any successful attacks present a risk to the Platform and 8BT, including, but not limited to, accurate execution and recording of transactions involving 8BT.

4. **Risk of Hacking and Security Weaknesses**

Hackers or other malicious groups or organizations may attempt to interfere with the Platform or 8BT in a variety of ways, including, but not limited to, malware attacks, denial of service attacks, consensus-based attacks, Sybil attacks, smurfing and spoofing. Furthermore, because the Platform is based on open-source software, there is a risk that a third party or a member of the Company team may intentionally or unintentionally introduce weaknesses into the core infrastructure of the Platform, which could negatively affect the Platform and 8BT, including 8BT's utility for obtaining Services.

5. **Risks Associated with Markets for 8BT**

8BT are intended to be used solely on the Platform, and Company will not support or otherwise facilitate any secondary trading or external valuation of 8BT. This restricts the contemplated avenues for using 8BT to obtain Services or access the Platform, and could therefore create illiquidity risk with respect to 8BT you hold. Even if secondary trading of 8BT is facilitated by third party exchanges, such exchanges may be relatively new and subject to little or no regulatory oversight, making them more susceptible to market-related risks. Furthermore, to the extent that third-parties do ascribe an external exchange value to 8BT (e.g., as denominated in a digital or fiat currency), such value may be extremely volatile and diminish to zero.

6. **Risk of Uninsured Losses**

Unlike bank accounts or accounts at some other financial institutions, 8BT are uninsured unless you specifically obtain private insurance to insure them. Thus, in the event of loss or loss of utility value, there is no public insurer, such as the

Federal Deposit Insurance Corporation, or private insurance arranged by us, to offer recourse to you.

**7. Risks Associated with Uncertain Regulations and Enforcement Actions**

The regulatory status of 8BT and distributed ledger technology is unclear or unsettled in many jurisdictions. It is difficult to predict how or whether regulatory agencies may apply existing regulation with respect to such technology and its applications. It is likewise difficult to predict how or whether legislatures or regulatory agencies may implement changes to law and regulation affecting distributed ledger technology and its applications, including the Platform and 8BT. Regulatory actions could negatively impact the Platform and 8BT in various ways, including, for purposes of illustration only, through a determination that 8BT are a regulated financial instrument that require registration or licensing. Company may cease operations in a jurisdiction in the event that regulatory actions, or changes to law or regulation, make it illegal to operate in such jurisdiction, or commercially undesirable to obtain the necessary regulatory approval(s) to operate in such jurisdiction.

**8. Risks Arising from Taxation**

The tax characterization of 8BT is uncertain. You must seek your own tax advice in connection with purchasing 8BT, which may result in adverse tax consequences to you, including withholding taxes, income taxes and tax reporting requirements.

**9. Risk of Alternative Platforms**

It is possible that alternative platforms could be established that utilize the same open source code and protocol underlying the Platform and attempt to facilitate services that are materially similar to the Services. The Platform may compete with these alternative platforms, which could negatively impact the Platform and 8BT, including 8BT's utility for obtaining Services.

**10. Risk of Insufficient Interest in the Platform or Distributed Applications**

It is possible that the Platform will not be used by a large number of individuals, companies and other entities or that there will be limited public interest in the creation and development of distributed platforms (such as the Platform) more generally. Such a lack of use or interest could negatively impact the development of the Platform and the potential utility of 8BT, including its utility for obtaining Services.

**11. Risks Associated with the Development and Maintenance of the Platform**

The Platform is still under development and may undergo significant changes over time. Although we intend for 8BT and the Platform to follow the specifications set forth in Exhibit A, and will take commercially reasonable steps toward those ends, we may have to make changes to the specifications of 8BT or the Platform for any number of legitimate reasons. This could create the risk that 8BT or the Platform, as further developed and maintained, may not meet your expectations at the time of purchasing 8BT. Furthermore, despite our good faith efforts to develop and maintain the Platform, it is still possible that the Platform will experience malfunctions or otherwise fail to be adequately developed or maintained, which may negatively impact the Platform and the potential utility of 8BT, including its utility for obtaining Services.

12. Risk of an Unfavorable Fluctuation of Ether and Other Currency Value

The Company team intends to use the proceeds from selling 8BT to fund the maintenance and development of the Platform, as described further in Section 6 of Exhibit B. The proceeds of the sale of 8BT will be denominated in Ether, and may, at our discretion, be converted into other cryptographic and fiat currencies. If the value of Ether or other currencies fluctuates unfavorably during or after the Sale Period, the Company team may not be able to fund development, or may not be able to develop or maintain the Platform in the manner that it intended.

13. Risk of Dissolution of the Company

It is possible that, due to any number of reasons, including, but not limited to, an unfavorable fluctuation in the value of Ether (or other cryptographic and fiat currencies), decrease in 8BT's utility (including its utility for obtaining Services), the failure of commercial relationships, or intellectual property ownership challenges, the Platform may no longer be viable to operate and the Company may dissolve.

14. Risks Arising from Lack of Governance Rights

Because 8BT confer no governance rights of any kind with respect to the Platform or Company, all decisions involving the Platform or Company will be made by Company at its sole discretion, including, but not limited to, decisions to discontinue the Platform, to sell more 8BT for use in the Platform, or to sell or liquidate the Company. These decisions could adversely affect the Platform and the utility of 8BT that you hold, including 8BT's utility for obtaining Services.

15. Risks Associated with Advertising-Supported Business Models

The Company's growth and adoption of the Platform may depend on our ability to maintain and expand our existing relationships with advertisers and publishers and our ability to develop new relationships with other advertisers and publishers within the Platform. As the advertising market generates and develops new concepts and technology, we may incur additional costs to implement a more effective Platform and may have to adjust to new tracking and unforeseeable technologies that could diminish the effectiveness of our BAM and other attention-measuring metrics. Continuing to develop and improve the Platform to keep up with these changes may require significant time and additional investment. If we cannot continue to develop and improve the Platform to maintain competitiveness in light of such changes, the Platform may not remain viable, which could negatively impact the utility of 8BT, including 8BT's utility for obtaining Services.

16. Risks Associated with New and Evolving Laws Impacting Advertising and Advertising Technology

The advertising and advertising technology ecosystems, and by extension our own Platform, are subject to a variety of federal, state and international laws and regulations, including those with respect to consumer privacy, data protection, consumer protection, content regulation, network neutrality, cyber security, data protection, intellectual property (including copyright, patent, trademark and trade secret laws), defamation, child protection, and others. These laws and regulations, and the interpretation or application of these laws and regulations, could change.

In addition, new laws or regulations affecting the Company could be enacted. As the Platform evolves, Company may be subject to new laws and the application of existing laws to us might change. These laws and regulations are frequently costly to comply with and may divert a significant portion of Company's attention and resources. If we fail to comply with these applicable laws or regulations, we could receive negative publicity and be subject to significant liabilities which could adversely impact the Company, the Platform and 8BT, including 8BT's utility for obtaining Services.

Additionally, the advertisers and publishers within the Platform are subject to industry specific laws and regulations or licensing requirements. If any of these parties fails to comply with any of these licensing requirements or other applicable laws or regulations, or if such laws and regulations or licensing requirements become more stringent or are otherwise expanded, it could adversely impact the Platform and 8BT, including 8BT's utility for obtaining Services.

#### 17. Unanticipated Risks

Cryptographic tokens such as 8BT are a new and untested technology. In addition to the risks included in this Exhibit C, there are other risks associated with your purchase, holding and use of 8BT, including those that the Company cannot anticipate. Such risks may further materialize as unanticipated variations or combinations of the risks discussed in this Exhibit C.
